Good Times

Baldwin Comforts of Home Senior Living Issue 4 • June 2018

"Finally, we have Spring"

Hello Spring!

Now that the snow is all but melted away here at Comforts of Home in Baldwin, we have been relishing in the warm weather. Our residents are enjoying meal time on the patio, going for walks outside, and relaxing in the sun.

The activities staff have involved residents in coloring Easter eggs, planting in the garden, and decorating the house for Spring time. Our residents also enjoy listening to music by Randy, who plays guitar and sings songs for them. We hope to include more live music over the Spring and Summer to keep our residents entertained.

With Memorial Day right around the corner, we plan to host a party for our residents to kick off the summer.
